Product code	:	LN-142B
Product name	:	19" Network Giga Switch 16 port
EAN code	:	8716502026050

Connect up to 16 devices to a gigabit office network

This Network Giga Switch 16 Port makes it possible to connect up to 16 devices to the gigabit network and allows files and peripheral devices to be easily shared between all connected users. With Gigabit wired speed of up to 1000 Mbps the switch is ideal for sharing large files.

This Network Giga Switch is ideal for a small office environment such as a doctor's office, a photography studio or a lawyer's office. Because of its easy installation and ease-of-use, you don't need to be an IT professional to set up a wired office network. The switch is suitable for a 19" rack and comes with all necessary brackets and screws.

The built-in power saving function saves up to 70% of energy. Three components allow for an efficient power usage: no traffic is routed to inactive ports, the Giga Switch automatically switches to standby when the connected devices are turned off and finally, the cable length detection identifies the distance to the connected devices and adjusts the power use.

This product comes with the extensive 10 Year Warranty. Simply activate the long-term warranty by registering your product within 3 weeks of purchase.

Technical specifications

- Compliant with the IEEE802.3 10 Base-T Ethernet ,IEEE802.3u 100 Base-TX, IEEE802.3ab 1000 BASE-T specifications
- 32Gbps switching fabric capacity
- 16 port 10/100/1000 Mbps TX Auto-Negotiation Ethernet Switch
- Full/Half-Duplex capability on each TX port(only support full duplex in 1000M)
- IEEE802.3x standard flow control for Full-duplex, optional Back pressure function for Half-duplex operation
- Support crossover detection and auto correction in 10 BASE-T/100 BASE-TX/1000 BASE-TX
- Support TP interface Auto MDIX function for auto TX/RX swap
- Support up to 8K MAC addresses
- Support packet length 9216 bytes jumbo frame packet forwarding at wired speed
- LED indicators for simple diagnostics and management
- Plug and Play

This package contains:

- 19" Network Giga Switch 16 Port
- Power cord
- Brackets, Screws

System requirements:

- Compatible with all operating systems
